### CONFERENCE AGENDA

09:30-10:00	Registration	12:25-12:45	<b>Research nurse to nurse researcher</b> Jon Hassler-Hurst
10:00-10:10	<b>Welcome</b>	12:45-13:45	Lunch
10:10-10:50	<b>The role of Health Education England and its implications for clinical researcher.</b> Key Note Speaker 1: Dr Lisa Bayliss-Pratt, Director of Nursing HEE Lisa was previously Assistant Director of Nursing at Midlands and East Strategic Health Authority where she led on patient experience and nurse improvement methodology. In her early career, Lisa worked in a variety of nursing roles across the public and private sector specialising in emergency care and surgery. Since then she has taken up a range of national roles including operational lead for preceptorship at the Department of Health. Lisa completed a Doctorate of Clinical Practice at the University of Southampton and is currently an Honorary Fellow and PhD supervisor at the University of Wolverhampton. Lisa is passionate about patient experience, education in practice, research and innovation and nurse improvement programmes. Lisa was instrumental in the roll out of Flying Start England, the national development programme for all newly qualified nurses, midwives and allied health professionals in NHS England.	13:45-14:15	<b>Local Education Training Boards (LETBs): new training opportunities for clinical researchers.</b> Marcia Saunders Key Note 2: Marcia Saunders. Marcia is Chair of Health Education North West London, a Local Education and Training Board accountable to Health Education England. Part of the new NHS architecture, HENWL is responsible for workforce planning and strategy, and for commissioning education and training for health services staff of all professions, disciplines and levels in North West London. She was formerly Chair of NHS Brent and Harrow, Vice Chair of the North West London Primary Care Trust Cluster and Chair of the North West London Health Innovation and Education Partnership Board. Marcia is a member of the Board of Governors of De Montfort University, a performance assessor for the General Medical Council (GMC) and a member of the Medicines & Healthcare Regulatory Agency (MHRA)'s Independent Scientific Advisory Committee for the use of the General Practice Research Database (GPRD). Her main career was in local government and in management.
